Request a FREE Street tree for your home and help Green Our Streets

Trees are vitally important to creating and maintaining a clean and green city to live in. The City of Hamilton's Street Tree Program provides new or replacement trees to be planted on the City owned portion of eligible properties (known as the 'road allowance').

The Benefits Of Trees

- Increase property value
- Improve air quality
- Improve storm water retention
- Reduces energy consumption for heating and cooling
- Beautifies our streetscapes

Tree Myths

Myth: Hydro wires prevent trees from being planted

Fact: There are several species of trees that can be planted near hydro wires

Myth: Trees cost too much
